The training series for new Volunteer Naturalists begins September 12th, 2011 and consists of 4 half day sessions on Monday mornings, September 12th, 19th, 26th, and October 3rd. Volunteer Naturalists will be able to lead schoolyard bird focused field trips, co-lead in-class Audubon's Birds programs, and co-lead Audubon's Birds field trips at the Sanctuary after the training. Please refer to the Volunteer Naturalist request for complete details on what is expected of Volunteer Naturalists.

I understand that a CARCO background check will be required for my full participation as a Volunteer Naturalist. This is a requirement to be able to work directly with children.
